Hi Mark,

That's okay - and glad to hear you already connected with Wende. It's been a busy April/May!

We have not provided any comments to the Corp on this project at this time. We'll make sure we include EPA on any outgoing communications on the project from this office.

thanks,

Anna

Hi Anna,

We should have copied you and Wende when the letter went out. Sorry. I did send Wende a copy a few days ago. Wende and I have not talked about this one, except for brief emails talking about how bad the coordination has been. So, it would be good to speak about this project.

Has FWS submitted 404 and/or ES comments to the Corps? Is so, can you send them to us?

Thanks, Mark

Here is a copy of the letter EPA sent. I'll let the wetlands group get back to you regarding a meeting.

Have a good day.

Subject: NECEC Project- EPA comments

Good morning,

I'm reaching out in regards to the NECEC Project. I heard on the news Monday that EPA provided comments. I'm wondering if you have a copy and would be willing to share with me. Also, let me know if you have any interest in an EPA/USFWS conversation with Wende and I, I'd be happy to arrange a call.

all the best,

Anna
